

## BRYANT POND

— Mrs. Edith C. Abbott, Corres.

The District Convention of the Pythian Sisters was held Saturday here with Evergreen Temple as hostess. Grand Manager Catherine Robinson presided over the afternoon session, with the address of welcome given by PC Mabel Robertson of Evergreen Temple and the response by DDGC Louise Novak, Natanis Temple. Grand Treasurer Marguerite Chase served as courtesy committee. A Memorial service was conducted at 7:30 by Hamlin Temple. At the evening session the degrees were exemplified.

Judith Grover Tent, No. 17, D. of U. V., met at the Juvenile Grange Hall Monday night with 14 members present. Mrs. Ava Poland was initiated into Judith Grover Tent. Nine sisters attended church on Mother's Day. We were pleased to have Sister Mildred able to be present, and Sister Rowena Dunham to help us with the music for initiation. 27 calls were made by the members. It was reported that about \$47.00 was cleared from the food sale. The Aides reported that they had earned the \$2.00 to send the Department.

Sister Kay McAllister won the mystery package. Members are asked to attend church in a body May 25 for their Memorial Services. Refreshments were served, wreaths will be made at the next meeting, and each Sister is asked to bring three wreath frames all round, also something for refreshments and to invite at least one other to help make wreaths.

Mrs. Addie Mann, Mrs. Nell Bowker, Mrs. Elic Bryant, Mrs. Eva Mills, Mrs. Lucia Verrill, Mrs. Stella Buck, Mrs. Catherine Morgan and Mrs. Edith Abbott, attended the Oxford County Extension meeting at Buckfield May 7 in observance of National Home Demonstration Week.

## SCHOOL NEWS

Grade 5 Mrs. Hastings

We are going to have reading tests sometime this week.—We hung a Maybasket on Mrs. Hastings last Friday.—Paul Vachon brought his science project. It was very interesting. It was about airplanes. We have twenty more days of school. We get out the 10th of June and have a picnic on the 11th.—Reporters, Linda Lowell, and Gertrude Waldron.

Grade 6-Doris Lord

We had our Metropolitan Achievement tests and Iowa Reading tests this week. Diane Lohrberg and Donald Young are back after a long sickness. Mr. Harold Sawyer and Mr. Marsh of Portland visited our room for the World Book Encyclopedia. Mr. Sawyer spoke on birds. Our room hung a Maybasket to Mrs. Lord, Monday. Lorraine Barnes and her brother, Sam, are sick with scarlet fever. —Reporter, Corey Brown.

Grade 8-Miss Verner

Monday we all had Silent Reading Tests. The results of these will tell on what grade level we are reading.—In Science we are studying about Spheres. In our room nine boys have signed up for Little League Baseball and two for Pony League. Last Friday we had a movie on the State of Washington. On our Spelling Chart, for the past five weeks, the score is 63 to 62, each point stands for 100. After Tuesday of this week, there are 29 days of school left in this school year. We are selling tickets on the picnic basket for the Teachers Club. The money is used for a scholarship fund for a senior boy or girl who plans to go to a teachers College. —Reporter, Grace Halvorsen.

Grade 8

We are all glad to have our final exams over with. Monday we had an English exam Tuesday Mr. Vachon came to discuss the courses at Gould. We are practicing graduation with marching band and parts Reporter, Elizabeth Waldron.

MAN'S RECIPE

SISTER MILDRED AMERICAN CHIP SUEY

Sister Mildred is an excellent cook, but I wish she could not have strawberries and ice cream so frequently for dessert. Not that I don't like the berries and ice cream for it is one of the best desserts. But when she can make such a good prune cake with that scrumptious mocha frosting, seems as though she could consider her brother's hankering a little more often.

I am a minister's son with three sisters and no brothers. Thank the stars I am the oldest in the family, for it would be an almost impossible situation to be a minister's son and have three older sisters. As it was, I had to struggle against overwhelming odds.

We all like good casserole dishes and this is a top concoction. It can be made well ahead of time and the flavors amalgamate well. For a sit-at-the-table meal or for a buffet party, it is a satisfying delicious dish.

Sauté two large onions until soft but not brown. Take onions from spider and put in two pounds of hamburg. Keep stirring with fork until red disappears from meat.

Parboil four large peppers quartered, for five minutes, and cut into small pieces. Mix together

the meat and onions from the spider and mix with the peppers.

There have been many changes in the last 16 years and on March 10, 1958, the State Department of Agriculture announced the payment of the Wethersfield Field enclosure, and its activities led to legislative passage of the Maine Dog Law of 1952 which provided

legislation for Monroe County, Fox River.

The Weirsundell Valley Fair is to be in brackets at Athena on September 13 for its first appearance since pre-war war II days. Fox River is the location.

Craigie Park has had its improvements in a country that pre-war was pre-eminent in the Agricultural Fair system.

For this first time in several years, two "new" Agricultural Fairs are held on the Maine Agricultural Fairground of Agricultural Fairground of Wethersfield Field enclosure, and its activities led to legislative passage of the Maine Dog Law of 1952 which provided

legislation for Monroe County, Fox River.

## LUCKY 13 4-H

We met on May 12, 1958. The meeting was called to order by the President.

We discussed when and where we wanted to have our tour. It is a tour of our club projects and picnic.

We made a tossed salad and mayonnaise muffins for refreshments. It was very good.

Reporter, Ethel Brown

The Buttonville Cookers of Bethel met May 12, at the home of their leader, Ethel Robertson. Our subject matter was cooking. We are planning to go to church in East Bethel the 18th, which is 4-H Sunday. Refreshments were served by Peggy Baker and Deltora Cole.

Club Reporter, Grace Haines.

## HIGHWAY PICNIC AREAS OPEN FOR SEASON

The State Highway Commission has its 200 roadside picnic areas opened for the season.

Department crews have been busy during the past few weeks readying the areas for use. Grounds have been cleaned, and tables and trash barrels given a fresh coat of paint. Eighty-five new shelters have been built during the past year so that picnickers will be able to stay dry during damp days and out of the sun when it's hot.

Tourists enthusiasm for cooking out has resulted in increased fire-building. To take care of this need and to provide a safe place to build fires, the Highway Department has provided over 100 new fireplaces.

A new edition of a leaflet entitled "Maine Roadside Picnic Areas" which lists the location of all areas and the facilities available can be obtained by writing the State Highway Commission, Augusta, or your local information bureau.

**GOULD ACADEMY**

Gould Sweeps Doubleheader

Gould Academy continued under-  
stated by downing Norway here last  
Friday 18-2 and 4-1. A big nine run  
first inning upset Norway and  
Gould went on to win a one-sided  
9-3 victory. Al Sumner was the  
winning pitcher, scattering 11 hits  
striking out 10 and walking none.  
Dick Cummings with a homer and  
2 singles along with Doug Rice  
with a double and 2 singles led the  
attack.

Bill Black pitched excellent ball  
in the night cap and received credit  
for the win although he needed  
assistance by Sumner in the final  
inning. Al came in with the bases  
loaded to close out a 3-4 thriller that  
had the fans on edge as the final  
out. Norway's Thurston pitched a  
fine game too as he allowed only  
one hit. White of Gould and Willy  
of Norway were the only players

**HOW TO DRIVE**

A tip from the AAA's driving guide for adults.

**USE YOUR REAR-VIEW MIRROR**

Traffic hazards are not confined to obstructions and cars in front of you. A good driver keeps himself constantly informed on what is going on behind him. He never stops, slows or turns without first checking to the rear.

Interior rear-view mirrors are standard equipment on all cars, and they are adequate to show you what is directly behind your car. However, these standard mirrors usually leave a large blind spot in which an entire car positioned just off your left rear fender can be hidden from view. Unless you have an outside mirror which covers this blind spot, you should always turn your head and look back over your left shoulder to "clear" this spot before turning left or changing lanes.

Your rear-view mirror is a safety device. Use it often.

**FOREIGN TRADE AND NEW ENGLAND**

The Committee of American Steamship Lines—whose 14 American-flag liner lines operate more than 200 cargo and passenger vessels over 30 essential foreign trade routes has been conducting a series of clinics showing the importance of this trade to industry, agriculture and employment in various sections of this country. Its latest study concerns the New England states and is published in the March issue of its bulletin, Maritime Affairs.

Even when summed up in capsule form the facts are amazingly impressive. American flag ships help bring in all manner of raw materials essential to New England industry—cotton, rubber, oil, sugar, tea, coffee, flour, etc., etc. Altogether imports at New England ports in 1956 were worth \$51 million, and the area itself was the consumer of \$20 million of this.

In the same year, New England industry provided jobs for more than 150,000 workers, with earnings of over \$430 million. About 120,000 of those jobs, representing earnings of some \$5 billion, are in industries that depend in whole or in part on raw materials imported by ship.

To top of that, it is estimated that New England's share of all U.S. exports alone was \$25 million. And New England shipyards are busy with contracts which are expected to total over \$1 billion for merchant and naval vessels.

What does New England hope to gain in principle of every other region? Foreign trade is that to expand health and trade is a two-way street, paid by merchant ships.

You cannot dream yourself into a millionaire, said Dr. George L. Hammer and don't expect me to do it for you.

**ABOUT A DISH PAN**

The following editorial is from the Cleveland Plain Dealer: "Get a load of this, folks. The government has got out a pamphlet on Tools for Food Preparation and Dishwashing." And it contains some information we'll bet you never thought of such as "Dishpans should be large enough to hold the dishes but not too large for the sink."

"Well, what do you know? For years we had a dishpan that wouldn't hold the dinner plates and when we got a new one it was too big to fit in the sink. Now thanks to this advice from Washington, we'll go right out and buy an in-between dishpan and see how that works. We never would have solved the problem ourselves. And when it comes time to pay our income tax next year we'll be especially grateful to the bureaucrat who thought this up."

Skills a joy to any man. —Zimmerman

**TEACHERS CLUB AND P. T. A. TO HOLD JOINT MEETING**

The Five Town Teachers and the Bethel P. T. A. will hold a joint meeting May 20th at 8:00 o'clock when they will have as their guest speaker Lawrence Stuart, Conservation Education Director of the Conservation Foundation of Maine.

Mr. Stuart will give an illustrated lecture on Maine's conservation program which is in operation at the Bryant Pond campus.

Everyone is invited to attend this fine program.

**FREE THE FARMER**

The March issue of the Reader's Digest features a challenging article entitled, "Let's Set the Farmer Free." Its author is Earl M. Hughes, a successful Illinois grain and livestock farmer, an agricultural economist of note and a former vice-president of the Commodity Credit Corporation, which handles the government's \$5 billion farm surplus board.

Mr. Hughes' solution to the farm problem is based on abandonment of "the impossible job of trying to legislate farm income through direct price supports." The government's main job, he believes, should be to help find new uses and markets for farm products, and then to turn farmers loose to produce in response to free market prices. And he cites an actual and outstanding example of how, in a free market, food consumption can be increased and diet upgraded.

Here is what he says: "At the sharp break in the price of beef in 1923 there were howls that Congress should fix prices on beef cattle. But most cattlemen figured that the real answer was to sell more beef to the housewife, not to the government larder. They joined with packers, retailers, farm group and government in an intensive promotion effort. The housewife got a bargain, and we ate our way out of the beef glut. In the past five years beef consumption has jumped from 62 to 85 pounds per person per year. If the government had stepped in to fix prices and control production, we would have had a beef scandal to dwarf the \$50-million-dollar potboiler of 1927-31, when millions of bushels were given away or destroyed with kerosene. And we'd have a sick beef industry today."

This isn't theory—it's hard fact.

The meat industry has provided us with a blueprint for getting agriculture back on a free enterprise basis of operation—which is the only sound and secure basis.

Try your skill in gilt first, and then in gold. —John Ray

**OXFORD COUNTY WOMEN OBSERVE NATIONAL HOME DEMONSTRATION WEEK**

Over 126 women, representing all sections of the county, met at the church in Buckfield to observe National Home Demonstration Week.

The honoring of leaders was the highlight of the day.
